

Tring Squash Club Court Booking Rules

Courts may be booked by members at the console in the Club using their fob or via the Club website

On Line Court Booking System

To allow all members the opportunity to book courts, only one peak time court per member is permitted in the first week of the courts becoming available. Once the courts are a week old members may book as many as they wish. Email confirmation will be sent to booking members of court bookings.

Off peak courts may be booked without restriction. Peak time courts are from 1720 and 1740 daily until 2200.

The online system automatically releases the new weeks courts for 2 weeks ahead each Sunday at noon. Bookings can made from the Club immediately while on-line bookings are delayed until 1400.

The times of courts 1 and 2 are staggered by 20 minutes from courts 3 and 4 to ease overcrowding in the changing rooms.

Courts can only be booked via the website if sufficient credit is available on the booking members account. Coins may be used at the console. Courts booked and no longer required may be cancelled and made available to other members either at the console or via the website. The cancelling members account will be credited with the booking fee only if another member subsequently books the court.
